

BF DAY LITTLE WEDNESDAY REGISTRATION

23 March 2016

1. Little Wednesdays are early-release day activities from 12:50-2:50. They take advantage of the extra time for kids to try something new and be finished at the regular release time.
2. Buses are scheduled for 12:50 pm on early-release days, so families must make their own arrangements for pick-up at 2:50 pm.
3. Please contact Julie Graber jegraber@yahoo.com with any questions about the classes or registration.

JUMP FOR JOY JUMP ROPE

Jump up! Jump out! Jump for joy! Join Overtime Athletics for our energetic and exciting jump rope program. You'll learn the basic skills of jumping. We'll play games and learn jumping rhymes like "Cinderella", "Bubble Gum", and "Miss Mary Mack". An activity

good enough for boxers and ballerinas alike, come see why the American Heart Association outreach and awareness program is driven by Jump Roping! Health. Moves. Minds. Let's GO!

COST: \$15 ONLINE REGISTRATION www.otaregistration.com – After School Programs Tab – Seattle

Location: Gym

Min 10 students- Max: 20

Grades: K-5

KIDS CARPENTRY

Kids Carpentry is a hands-on toy building class designed to teach girls and boys practical woodworking skills with an emphasis on the safe use of hand tools. While kids construct fun and exciting projects they are also empowered to become independent thinkers - building confidence, self-esteem, and a repertoire of

practical skills that will last them a lifetime.

Grades: K-5

Location: Cafeteria

Cost: \$30 Online Registration and Payment: <https://kidscarpentryseattle.com/registration/>

SCIENCE CLUB- The Secret Life of Bees and other Insects

How many eyes does a bee have? Do all bees sting? Are wasps bad or good to have around? Do they all make honey?

The afternoon will be spent learning about bees and wasps and a few related insects and roles they play in our world. They are not all the same and you will learn how to tell them apart and find them in your yard and know what they are doing as they buzz around

you. There will be many pictures and a few demonstrations and activities to explore the world as insects sense it, and what we can do to attract and help the good insects you want in your yard.

Paul Bryant used his science education to teach high school and later formed and led several small businesses. He is a Master Gardener and backyard beekeeper living in Fremont.

Grades: 3-5

Location: TBA

Cost: Free. An optional donation to the PTSA to subsidize the snacks provided would be appreciated.

Paper Registration Form on other side of flyer. Please return to office or PTSA mailbox

Max: 20
